

Meet the Hornet Health Center staff:

Joshua Meyerson, MD, MPH
Medical Director

Dr. Meyerson is a pediatrician and Medical Director at the Health Department. He oversees activities at the HHC and sometimes treats clients.

**Kimberly Clark, RN, MSN,
FNP-BC**
Nurse Practitioner

Ms. Clark treats client illnesses and injuries at the Hornet health Center, provides other primary health care services, and supervises day-to-day activities at the health center.

Stacey Walsh-Hoobler, LMSW
Therapist

Ms. Walsh-Hoobler is available for individual, family, and group mental health counseling.

Paula Wilson, MA, LLPC
Therapist

Ms. Wilson is available for individual, family, and group mental health counseling.

Robyn Campeau
Public Health Technician

Ms. Campeau greets clients, manages the Hornet Health Center reception desk, and provides application assistance for Medicaid/Healthy Kids and MICHild.

HORNET HEALTH CENTER

A school-based health center for the Health Department of Northwest Michigan, in collaboration with Pellston Public Schools, with major funding from Michigan Departments of Community Health and Education.

**Serving ALL youth age 5 to 21
from Pellston and surrounding
communities**

Top-notch health care services based on youths' ability to pay

Any charge is based on the youths' annual income, which means there may be no charge or a minimal fee. No one is denied services due to an inability to pay. We bill health insurance policies—Medicaid, MI-Child, Healthy Kids, or private insurance like Blue Cross & Blue Shield of Michigan—if youth have coverage. We also assist uninsured families with MICHild and Healthy Kids applications.

for anyone age 5 to 21
--and their children

We offer health care and prevention services to youth in Pellston and surrounding communities. We also offer information for parents and guardians on nearly any topic they need to parent a teenager in the 21st century. All information is based on research and best practices. Call us or stop by.

conveniently located in the
Pellston Middle/High School
with appointments and
walk-ins year round

We're available for appointments year-round when youth need us most. We offer appointments in the morning, during lunch periods, and after school. Walk-ins are welcome anytime during clinic hours.

Call the Hornet Health Center at (231) 539-8550 or Health Department Central Scheduling at (800) 432-4121 to book an appointment.

Mental Health Appointments:

Mon., Tues., Thurs., Fri.

8:30 am to 4:30 pm

Closed daily 12:00 pm to 12:30 pm

Primary care with a focus on prevention

Decisions youth make when they are teen-agers stay with them the rest of their lives. So we'll spend a lot of time with each of our clients discussing their choices about alcohol and drugs, tobacco, healthy eating, and physical activity.

We offer primary health care services, like treatment for illnesses and injuries, lab tests, and referral to specialty health services. We won't replace youths' doctors. In fact, we're working to make sure every one of our clients has a health care provider outside the Center.

PRIMARY HEALTH CARE SERVICES

- **Physical exams for school, sports, and camp**
- **Treatment for illness and injuries**
- **Basic laboratory services and tests**
- **Referral for specialty health services**
- **Chronic disease management in partnership with health care provider**
- **Health assessment and risk reduction**
- **Immunizations**
- **Medication administration**
- **Vision/hearing screening**
- **Individual, family, and group counseling**
- **Assistance with MICHild and Healthy Kids insurance applications**
- **HIV counseling and testing**
- **Sexually transmitted infection (STI) prevention, screening, and treatment**

The Hornet Health Center staff cannot provide family planning drugs or devices or provide abortion counseling or referrals in accordance with laws in the State of Michigan.

A note on parental consent

Parents/Guardians are very important to us! Parents/guardians must provide consent for their minor children for services at the Hornet Health Center by signing a Parent/Guardian Consent for Medical Services Form. According to Michigan law, the only exceptions are emergencies threatening life or limb, HIV counseling and testing, sexually transmitted infection treatment and for minors age 14 and older—mental health services. People who are age 18 or older, legally emancipated, legally married, under court order, in the presence of a law officer when parents cannot be promptly located and/or members of the U.S. Armed Forces provide consent for themselves.

We gratefully accept donations.
